

Catch Kapiti released today

The Kapiti Coast annual summer events calendar will be delivered to all households on the coast today and once again this year it highlights a wonderful array of local events.

The 22-page publication will be inserted into today's *Kapiti Observer*

Nature Coast Enterprise Regional Tourism Manager, Chris Barber says, "It's wonderful to have the calendar now complete and the events within it are fantastic. There are so many highlights, but as a first up event, the Anything Vintage Festival is always a goodie!"

The calendar will be inserted in today's *Observer* (Thursday) and anyone who has missed their copy can collect one at any of the visitor information centres.

For further information, contact Chris Barber: 027 6855 532
